

Product name VEGAVIB 63

eID DE89798724

Quantity 1

Production period (days)

Vibrating level switch with tube extension for granular bulk solids

Application area

The VEGAVIB 63 is a level switch for granular and coarse-grained bulk solids. The VEGAVIB 63 detects reliably and accurately the min. or max. limit level. The smooth surface of the vibrating rod, without corners and edges, avoids jamming of the bulk solid and is easy to clean. The position of the switching point is specified through the tube extension.

Your benefit

- Minimum time and cost expenditure thanks to simple setup without medium
- Reliable function through product-independent switching point
- Low maintenance costs

Measuring unit for lengths	Metre / Millimetre
Approval directive / Scope	None / World-wide
Approval	without
Version / Process temperature	With adapter / -50...+250°C
Length (from seal surface)	2000 mm
Process fitting / Material	Thread G1 PN16, DIN3852-A / 316L
Electronics	Relay (DPDT) 20 ... 72 V DC/20 ... 253 V AC (3A)
Housing / Protection	Plastic single chamber / IP66/IP67
Special colour	none
Switching status display PLICSLED	without
Cable entry / Cable gland / Plug connection	M20x1.5 / with / without
Additional equipment	without
Switching point	Standard sensitivity (from density 0.1 g/cm ³)
Mode	Overflow protection
Operating instructions	EN - English
Number of operating instructions	1
Customer Tag	Without
Technological test	No
Suitable for tropical regions	without
Additional cleaning procedure	without
Certificate / Standard	without
SIL qualification	without
Foodstuff/Pharmaceutical certificate	without
Customs tariff number (HS code)	90318080
